

NEW CLUBHOUSE DEVELOPMENT APPLICATION

The primary purpose of Clubhouse International New Clubhouse Development Training is to help groups develop Clubhouses through autonomous, not-for-profit organizations. The application of any group without current plans to function as a separate, freestanding not-for-profit organization will be considered, giving weight to that applicant's willingness and ability to create an empowered Advisory Board of community leaders. Group applicants must include representatives from at least two separate community organizations.

The cost for the training is \$1,600.00USD per group (3-6 people).

Please submit the completed application FIRST. If the application is accepted, then submit the training fee (check made payable to Clubhouse International or via credit card).

New Clubhouse Development Training fee includes:

- Tuition for two-day intensive training and Action Plan
- Training Manual including all printed training materials
- Welcome Reception, two lunches, and two continental breakfasts at the local Clubhouse
- Individualized follow-up from a seasoned Clubhouse International Consultant for up to one year to help mentor the group and achieve the objectives set out in the Action Plan.
