For credit to the account of Clubhouse International A/C # 7528097035

Check here to signify that you understand that the above information is what will be published in the International Clubhouse Directory, unless otherwise directed by your Clubhouse.

Check here to signify that your Clubhouse will submit the Clubhouse Profile Questionnaire (CPQ) to the Program for Clubhouse Research within the current calendar year. Upon receipt of your membership application and dues, we will provide your contact information to the Program for Clubhouse Research, who will follow up with you to start the CPQ process.

Note: The Program for Clubhouse Research (PCR) administers the CPQ for Clubhouse International for purposes of quality assurance and program improvement. The CPQ is an annual survey designed to obtain information concerning practices, characteristics, concerns, and performance outcomes of Clubhouse programs.

Clubhouse International

Areas addressed in the survey include: funding, governance and administration; membership; staffing and staff credentials; unit structure; employment; housing; services provided; participation in Clubhouse training; and research activities. The electronic CPQ allows you to save and update your data and create a report that you can use and send to Clubhouse International each year for purposes of training and Accreditation, as well as a data file that you will be able to send to the Program for Clubhouse Research.

The CPQ is critical to the growth and sustainability of the international Clubhouse movement, and to each individual Clubhouse. Our ability to attract increasing support for the Clubhouse model will require us to provide annual data that substantiates Clubhouse successful outcomes. We need all member Clubhouses to contribute their Clubhouse information to this valuable database annually so we can measure our progress. Thank you!

BENEFITS OF MEMBERSHIP

- **Worldwide exposure** through International Clubhouse Directory and Resource Guide and through our website, www.clubhouse-intl.org and our social media channels, Facebook, Twitter and YouTube.
- **Access to a database of over 1,000 articles and presentations about the Clubhouse model**, and how to start, develop and sustain a successful Clubhouse in your community
- **Ongoing communications**: Clubhouse International Annual Report and monthly newsletter
- **Active participation in the continual, consensus-driven process of evolving and updating our International Standards for Clubhouse Programs.**[™] These Standards are at the heart of the success experienced by Clubhouses around the world and provide the basis for assessing Clubhouse quality through Clubhouse International Accreditation[™]
- **Access to the Clubhouse International Accreditation process**, which is heavily subsidized by Clubhouse International
 - The process often includes ongoing technical support with the Clubhouse International Faculty team, a group of 90 experienced Clubhouse members and staff, who have undergone an intensive training course
 - Your Clubhouse may also receive ongoing formal support in the form of consultations, etc. from any of the 12 Clubhouse International Training Bases. This service is for "at-cost" with fees established accordingly
- **Interactive support for your specific questions and issues** via our website and email exchanges with Clubhouse International staff/volunteers and a strong network of Accredited Clubhouses
- **\$100 discount per attendee** at the biennial Clubhouse International World Seminar, which offers a unique opportunity to meet and gain knowledge from over 600 Clubhouse experts from around the world
