Supported Education in the Clubhouse

How does Supported Education fit in the Clubhouse?

- Assists members in achieving goals
- Creates meaningful work
- Education & Employment go hand in hand

Standards #19, #25

In-House Educational Programming

In-House educational programming can be used as a stepping-stone to educational pursuits in the larger community, similarly to how TE prepares members for independent employment, while providing meaningful work in the clubhouse.

Potential Types of Supported Education

At FH we have members engaged in all levels of Supported Education

- Basic Literacy
- Certificate Programs
- High School Equivalency
- Vocational Training
- College Level Learning
- Graduate Studies
- Life-Long Learning
- Digital Literacy

Examples of Student Supports

- In-House Classes/Tutoring
- Literacy Project
- Individual Education Coaching
- Student Reachout
- On Campus Support

Meaningful Work

Members play an integral role in all aspects of Supported Education within the clubhouse

- Reachout
- Data entry
- Curriculum development
- Teaching/tutoring
- Educational Coaching

Debra plays a vital role in our Supported Education Program

Example of Student Progression

- Express goal
- Meet with Coaching Team
- Develop Plan according to individual need
- Implement Plan
- Ongoing Support & Follow Up

Supported Education-Covid & Beyond

- Most aspects of our work has continued with modifications
- Increased need for Employment and Education to work together
- Create pathways to new career opportunities
- Need to increase digital literacy skills for employment
- Beginning a new dialogue: to be as comfortable talking about education as we are about employment within the clubhouse
