ACCREDITATION EXTENSIONS

In response to the global coronavirus pandemic, Clubhouse International recognizes the need to make adjustments in our Accreditation program. While maintaining our focus on ensuring the high quality of Accredited Clubhouses, we also recognize the need to optimally protect the safety of our member Clubhouses and our Accreditation Faculty.

We understand that most Clubhouses around the world are currently experiencing a high degree of uncertainty, and are in the process of reorganizing core structures and routines in order to ensure the safety of your communities. **Consequently, we have decided to award an additional year of accredited status to all currently accredited Clubhouses that received their accreditation reports prior to June 10, 2020.** We hope that this extra time will allow Clubhouses to fully focus on the immediate task of developing effective strategies to meet the needs of your membership during this unusual time.

We will be in contact with individual Clubhouses to schedule your next visit. If you have questions, please contact us!
