Hum

The **Au Contraire Film Festival** presents "HUM", followed by **Q&A with Kevin**. The film chronicles Kevin Nolan, who began writing music to regain some of the freedom he lost due to his diagnosis at age 19 with schizoaffective disorder. 'Hum', directed by Nathan Fagan, is an intimate and music-fueled tour of Kevin's world. Join us for the documentary and discussion.

The Au Contraire Film Festival is a Donald Berman UP House advocacy initiative made possible with the generous support of Lundbeck Canada.
